

IEP Information for New Families

AALC would like the opportunity to help all the children in our care in any way that we can. We offer connections to many programs to help the whole child on different levels. If your child is currently in need of support, we may be able to help. If your child is already in a program and have an IFSP/IEP, please know that we are here to help your family in any way we can. We encourage you to have program providers come to visit your child in our setting and to have our teachers involved as much as they are able. If your child has a current IEP/IFSP please submit to us upon enrollment. Please return this form if any of the following applies to your child:

_____ I would like information for programs for my child

_____ I currently have an IEP/IFSP for my child.

Optional:

- Workers name and contact information _____
- Home School Location _____
- Weekly visit dates and times _____

We would like to work as a team in any way possible to provide the best care for your child. Submitting any information regarding your child's IEP/IFSP is completely optional, but helps us to provide proper accommodations, if necessary. Thank you in advance and we look forward to serving your family.

Heather Kuchta

Director of AALC
